## *Seasoned Executive to Direct Strategic Growth of Cloud-Based Mobile Platform AtTheScene™*

**SYRACUSE, NY / ACCESSWIRE / January 25, 2017** / LifeSource Health, Inc., a Syracuse, New York based company, announced today the addition of David R. LaVance to their Board and executive management team as President. Mr. LaVance has significant experience in managing and operating both public and growth-stage companies. David LaVance is the recently retired Chairman of the Board of Hologic, Inc. (NASDAQ: HOLX), a medical device and diagnostics company headquartered in Boston, and a co-founder of Century Capital Associates LLC. Mr. LaVance specializes in developing life sciences and other emerging technology companies, as well as advising companies about mergers, acquisitions, divestitures, and strategic alliances. Mr. LaVance has extensive experience in strategic planning for biotechnology and medical device companies, technology licensing, and international distribution.

Prior to co-founding Century Capital Associates, Mr. LaVance was a Managing Director of KPMG Health Ventures, a healthcare consulting group providing M&A, licensing and strategic advisory services. Before joining KPMG Health Ventures, he founded several companies, raising venture capital for them.

He was the President of Dornier Medical Systems (Japan), Inc., a subsidiary of DaimlerBenz AG, and held a series of operating positions with Dornier in the United States. Dornier was the inventor of and world market leader in lithotripter technologies. Before joining Dornier, Mr. LaVance was Associate Counsel at Healthdyne, Inc., where he led licensing, OEM, and acquisition transaction efforts; and he was engaged in the private practice of law in Atlanta, Georgia.

Speaking for the Board of Directors and the rest of the executive team, Timothy Kelly, Founder of LifeSource Health, stated: "We are extremely pleased that David has agreed to take on these key assignments at this important time for the Company. David's experience in managing and operating both public and growth-stage companies will be a tremendous asset to our future development."

David LaVance added, "LifeSource is one of those rare opportunities that comes along where you realize that the people and the products will have a profound effect on the healthcare delivery system. When you learn that [medical misinformation errors](#) lead to over 240,000 deaths and hundreds of millions of dollars in unnecessary spending each year, you understand that LifeSource's AtTheScene mobile platform can significantly increase the speed and quality of care and save lives in the process."
